

Making the decision of which profession you want to focus on can be challenging. Athletico offers careers in physical therapy, occupational/hand therapy, and athletic training.

DETERMINE YOUR CAREER PATH	YOUR RESULTS
<ul style="list-style-type: none"> • Are you interested in figuring out the root cause of a patient's pain then customizing interventions to help them? • Do you want to work with a variety of patient populations, communicate effectively but differently depending on their needs, and teach them exercises and strategies to help them reach their goals? • Do you like work that involves a lot of hands-on techniques, problem-solving, interdisciplinary communication, and where no two days are the same? 	<p>A Physical Therapist would be a good role for you</p>
<p>Physical Therapists are health care professionals who diagnose and treat individuals of all ages with medical problems and other health-related conditions that limit their abilities to move and perform functional activities in their daily lives.</p>	

DETERMINE YOUR CAREER PATH	YOUR RESULTS
<ul style="list-style-type: none"> • Are you passionate about learning biomechanical, psychosocial, neurodevelopmental, compensatory, and educational interventions needed to treat and improve various diagnoses and injuries? • Do you enjoy collaborating, educating, and working closely with individuals and groups? • Are you an outside-the-box critical thinker, as well as one who enjoys hands-on problem-solving? 	<p>An Occupational/ Hand Therapist would be a good role for you</p>
<p>Occupational Therapists focus holistically on functional ways to improving patients' ability to perform activities of daily living, work, education, play, leisure, social participation, and even sleep and rest.</p>	

DETERMINE YOUR CAREER PATH	YOUR RESULTS
<ul style="list-style-type: none"> • Do you want a job where you can help others in various settings including athletics, the workplace, and in the clinic? • Do you enjoy work that includes practical, hands-on challenges that require quick processing and solution-oriented leadership? • Are you interested in collaborating with other health care professionals including physicians, nurses, physical therapists, and occupational therapists to serve others? 	<p>An Athletic Trainer would be a good role for you</p>
<p>Athletic Trainers (ATCs) are unique health care providers and essential members of any health care team skilled and trained in the prevention of injury and illness, examination, assessment, treatment, and rehabilitation of emergency, acute or chronic injuries and medical conditions.</p>
