

Performing Arts Specialty Clinical Experience

Athletico Physical Therapy is proud to offer a Specialty Clinical Experience in the Performing Arts. A limited number of placements are available for DPT students completing their final clinical rotation. This rotation offering is primarily Outpatient Orthopedics with exposure to patients in a performing arts environment. Selected students will be placed with a Clinical Instructor who specializes in treating performing artists, specifically dancers and gymnasts. Students will treat the general orthopedic population, but will have exposure to adolescent dancers, pre-professional dancers, professional dancers, and/or gymnasts. The student and clinical instructor may treat patients in the clinic, onsite at a dance studio, or provide backstage coverage for performances. The student may be giving lectures or providing screenings for a performing arts population. This is a specialty rotation, and an application is required.
